This flyer is a companion document to the Health Insurance Choices for 2022 booklet. It explains your benefits as a NYSHIP enrollee in a negotiating unit that does not have an agreement/award with New York State as of the date this document was printed.

Please refer to this document in place of pages 13–23 in Choices for information on your Empire Plan benefits.
Empire Plan benefits are available worldwide, and the Plan gives you the freedom to choose a participating or nonparticipating provider or facility. This section summarizes benefits available under each portion of The Empire Plan as of January 1, 2022. You may also visit www.cs.ny.gov/employee-benefits or call The Empire Plan toll free at 1-877-7-NYSHIP (1-877-769-7447) for additional information on the following programs.

Medical/Surgical Program
UnitedHealthcare
P.O. Box 1600, Kingston, NY 12402-1600

Medical and surgical coverage through:

- **Participating Provider Program** – The Participating Provider Program network administered by UnitedHealthcare includes over 1.2 million physicians, laboratories and other providers, such as physical therapists, occupational therapists and chiropractors, located throughout the United States. Certain services are subject to a $20 copayment.

- **Basic Medical Program** – If you use a nonparticipating provider, the Program considers up to 80 percent of usual and customary charges for covered services after the combined annual deductible is met. After the combined annual coinsurance maximum is met, the Plan considers up to 100 percent of usual and customary charges for covered services. See Cost Sharing (beginning on page 4) for additional information.

- **Basic Medical Provider Discount Program** – If you are Empire Plan primary and use a nonparticipating provider who is part of the Empire Plan MultiPlan group, your out-of-pocket costs may be lower (see page 5).

**Home Care Advocacy Program (HCAP)** – Benefits for home care, durable medical equipment and certain medical supplies (including diabetic and ostomy supplies), enteral formulas and diabetic shoes are paid in full. (Diabetic shoes have an annual maximum benefit of $500.) Prior authorization is required. Guaranteed access to network benefits nationwide. Limited non-network benefits available (see the Empire Plan Certificate for details).

**Managed Physical Medicine Program (MPMP)** – Chiropractic treatment, physical therapy and occupational therapy through a network provider are subject to a $20 copayment. Unlimited network benefits when medically necessary. Guaranteed access to network benefits nationwide. Non-network benefits available.

Under the **Benefits Management Program**, you must call the Medical/Surgical Program for Prospective Procedure Review before an elective (scheduled) magnetic resonance imaging (MRI), magnetic resonance angiography (MRA), computerized tomography (CT) scan, positron emission tomography (PET) scan or nuclear medicine test, unless you are having the test as an inpatient in a hospital (see the Empire Plan Certificate for details).

When arranged by the Medical/Surgical Program, a voluntary, paid-in-full specialist consultant evaluation is available. Voluntary outpatient medical case management is available to help coordinate services for catastrophic and complex cases.

Hospital Program
Empire BlueCross
New York State Service Center
P.O. Box 1407, Church Street Station
New York, NY 10008-1407

The following benefit levels apply for covered services received at a BlueCross and BlueShield Association BlueCard® PPO network hospital:

- Inpatient hospital stays are covered at no cost to you.
- Outpatient hospital and emergency care are subject to network copayments.
- Anesthesiology, pathology and radiology provider charges for covered hospital services are paid in full under the Medical/Surgical Program (if The Empire Plan provides your primary coverage).
- Certain covered outpatient hospital services provided at network hospital extension clinics are subject to outpatient hospital copayments.
- Except as noted above, physician charges received in a hospital setting will be paid in full if the provider is a participating provider under the Medical/Surgical Program. Physician charges for

---

1 These benefits are subject to medical necessity and to limitations and exclusions described in the Empire Plan Certificate.
covered services received from a non-network provider will be paid in accordance with the Basic Medical portion of the Medical/Surgical Program. If you are an Empire Plan-primary enrollee, you will be subject to 10 percent coinsurance for inpatient stays at a non-network hospital. For outpatient services received at a non-network hospital, you will be subject to the greater of 10 percent coinsurance or $75 per visit. The Empire Plan will begin to cover 100 percent of the billed charges for covered inpatient and outpatient services only after the combined annual coinsurance maximum threshold has been reached.

The Empire Plan will approve network benefits for hospital services received at a non-network facility if:
- Your hospital care is emergency or urgent
- No network facility can provide the medically necessary services
- You do not have access to a network facility within 30 miles of your residence
- Another insurer or Medicare provides your primary coverage (pays first)

Preadmission Certification Requirements
Under the Benefits Management Program, if The Empire Plan is your primary coverage, you must call the Hospital Program for certification of any of the following inpatient stays:
- Before a scheduled (nonemergency) hospital admission
- Within 48 hours or as soon as reasonably possible after an emergency or urgent hospital admission
- Before admission or transfer to a skilled nursing facility

If you do not follow the preadmission certification requirement for the Hospital Program, you must pay:
- A $200 hospital penalty if it is determined any portion was medically necessary; and
- All charges for any day’s care determined not to be medically necessary.

Voluntary inpatient medical case management is available to help coordinate services for catastrophic and complex cases.

Mental Health and Substance Use Program
Beacon Health Options, Inc.
P.O. Box 1850, Hicksville, NY 11802
The Mental Health and Substance Use (MHSU) Program offers both network and non-network benefits.

Network Benefits
(unlimited when medically necessary)
If you call the MHSU Program before you receive services and follow their requirements, you receive:
- Inpatient services, paid in full
- Crisis intervention, paid in full for up to three visits per crisis; after the third visit, the $20 copayment per visit applies
- Outpatient services, including office visits, home-based or telephone counseling and nurse practitioner services, for a $20 copayment per visit
- Intensive Outpatient Program (IOP) with an approved provider for mental health or substance use treatment for a $20 copayment per day

If Medicare or another plan provides primary coverage, you receive network benefits for covered services at both network and non-network hospitals.
Non-Network Benefits
(unlimited when medically necessary)
The following applies if you do NOT follow the requirements for network coverage.

- For Practitioner Services: The MHSU Program will consider up to 80 percent of usual and customary charges for covered outpatient practitioner services after you meet the combined annual deductible per enrollee, per enrolled spouse or domestic partner and per all enrolled dependent children combined. After the combined annual coinsurance maximum is reached, the Program reimburses up to 100 percent of usual and customary charges for covered services (see page 5).
- For Approved Facility Services: You are responsible for 10 percent of covered, billed charges up to the combined annual coinsurance maximum per enrollee, per enrolled spouse or domestic partner and per all enrolled dependent children combined. After the coinsurance maximum is met, the Program pays 100 percent of billed charges for covered services (see page 5).
- Outpatient treatment sessions for family members of an individual being treated for alcohol or substance use are covered for a maximum of 20 visits per year for all family members combined.

Empire Plan Cost Sharing
Plan Providers
Under The Empire Plan, benefits are available for covered services when you use a participating or nonparticipating provider. However, your share of the cost of covered services depends on whether the provider you use participates in the Plan. You receive the maximum plan benefits when you use participating providers. For more information, read Reporting On Network Benefits. You can find this publication at www.cs.ny.gov/employee-benefits or ask your HBA for a copy.

If you use an Empire Plan participating or network provider or facility, you pay a copayment for certain services. Some services are covered at no cost to you. The provider or facility files the claim and is reimbursed by The Empire Plan.

Even if there are no network providers in your area, you are guaranteed access to network benefits for the following services if you call The Empire Plan at 1-877-769-7447 beforehand to arrange care with an appropriate medical or mental health provider:

- Mental Health and Substance Use (MHSU) Program services
- Managed Physical Medicine Program services (physical therapy, chiropractic care and occupational therapy)
- Home Care Advocacy Program (HCAP) services (including durable medical equipment)

If you use a nonparticipating provider or non-network facility, benefits for covered services are subject to a deductible and/or coinsurance.

2022 Annual Maximum Out-of-Pocket Limit
Your maximum out-of-pocket expenses for in-network covered services will be $5,650 for Individual coverage and $11,300 for Family coverage for Hospital, Medical/Surgical and MHSU Programs, combined. Once you reach the limit, you will have no additional copayments.

Combined Annual Deductible
For Medical/Surgical and MHSU Program services received from a nonparticipating provider or non-network facility, The Empire Plan has a combined annual deductible that must be met before covered services under the Basic Medical Program and non-network expenses under both the HCAP and MHSU Programs can be reimbursed. See the table on page 5 for 2022 combined annual deductible amounts. The Managed Physical Medicine Program has a separate $250 deductible per enrollee, $250 per enrolled spouse/domestic partner and $250 per all dependent children combined that is not included in the combined annual deductible.

After you satisfy the combined annual deductible, The Empire Plan considers 80 percent of the usual and customary charge for the Basic Medical Program and non-network practitioner services for the MHSU Program, 50 percent of the network allowance for covered services for non-network HCAP services and 90 percent of the billed charges for covered services for non-network approved facility services for the

---

3 You are responsible for ensuring that MHSU Program certification is received for care obtained from a non-network practitioner or facility.
MHSU Program. You are responsible for the remaining 20 percent coinsurance and all charges in excess of the usual and customary charge for Basic Medical Program and non-network practitioner services, 10 percent for non-network MHSU-approved facility services and the remaining 50 percent of the network allowance for covered, non-network HCAP services.

**Combined Annual Coinsurance Maximum**

The Empire Plan has a combined annual coinsurance maximum that must be met before covered services under the Basic Medical Program and non-network expenses under the Hospital and MHSU Programs will be fully reimbursed. See the table above for 2022 combined annual coinsurance maximum amounts.

After you reach the combined annual coinsurance maximum, you will be reimbursed up to 100 percent of covered charges under the Hospital Program and 100 percent of the usual and customary charges for services covered under the Basic Medical Program and MHSU Program. You are responsible for paying the provider and will be reimbursed by the Plan for covered charges. You are also responsible for paying all charges in excess of the usual and customary charge.

The combined annual coinsurance maximum will be shared among the Basic Medical Program and non-network coverage under the Hospital Program and MHSU Program. The Managed Physical Medicine Program and HCAP do not have a coinsurance maximum.

**Basic Medical Provider Discount Program**

If you are Empire Plan primary, the Plan also includes a program to reduce your out-of-pocket costs when you use a nonparticipating provider. The Empire Plan Basic Medical Provider Discount Program offers discounts from certain physicians and providers who are not part of The Empire Plan participating provider network. These providers are part of the nationwide MultiPlan group, a provider organization contracted with UnitedHealthcare. Empire Plan Basic Medical Program provisions apply, and you must meet the combined annual deductible.

Providers in the Basic Medical Provider Discount Program accept a discounted fee for covered services. Your 20 percent coinsurance is based on the lower of the discounted fee or the usual and customary charge. Under this Program, the provider submits your claims, and UnitedHealthcare pays The Empire Plan portion of the provider fee directly to the provider if the services qualify for the Basic Medical Provider Discount Program. Your explanation of benefits, which details claims payments, shows the discounted amount applied to billed charges.

To find a provider in the Empire Plan Basic Medical Provider Discount Program, ask if the provider is an Empire Plan MultiPlan provider or call The Empire Plan toll free at 1-877-7-NYSHIP (1-877-769-7447), choose the Medical/Surgical Program and ask a representative for help. You can also go to www.cs.ny.gov/employee-benefits. Select your group and plan, if prompted, and then Find a Provider.

The Prescription Drug Program does not apply to those who have drug coverage through a union Employee Benefit Fund.

- When you use a network pharmacy, the mail service pharmacy or the designated specialty pharmacy for a 1- to 30-day supply of a covered drug, you pay a $5 copayment for Level 1 or most generic drugs; a $25 copayment for Level 2, preferred drugs or compound drugs; and a $45 copayment for Level 3, certain generic drugs or non-preferred drugs.
- For a 31- to 90-day supply of a covered drug through a network pharmacy, you pay a $10 copayment for Level 1 or most generic drugs; a $50 copayment for Level 2, preferred drugs or compound drugs; and a $90 copayment for Level 3, certain generic drugs or non-preferred drugs.
- For a 31- to 90-day supply of a covered drug through the mail service pharmacy or the designated specialty pharmacy, you pay a $5 copayment for Level 1 or most generic drugs; a $50 copayment for Level 2, preferred drugs or compound drugs; and a $90 copayment for Level 3, certain generic drugs or non-preferred drugs.
- When you fill a prescription for a covered brand-name drug that has a generic equivalent, you pay the Level 3 or non-preferred copayment, plus the difference in cost between the brand-name drug and the generic equivalent (or “ancillary charge”), not to exceed the full retail cost of the drug, unless the brand-name drug has been placed on Level 1 of the Flexible Formulary. Exceptions apply. Please contact the Empire Plan Prescription Drug Program toll free at 1-877-7-NYSHIP (1-877-769-7447) for more information.

- The Empire Plan has a flexible formulary that excludes certain prescription drugs from coverage.
- Prior authorization is required for certain drugs.
- Oral chemotherapy drugs for the treatment of cancer do not require a copayment.
- Tamoxifen, raloxifene, anastrozole and exemestane do not require a copayment when prescribed for the primary prevention of breast cancer. In addition, generic oral contraceptive drugs/devices or brand-name drugs/devices without a generic equivalent (single-source brand-name drugs/devices) do not require a copayment. The copayment waivers for these drugs will only be provided if the drug is filled at a network pharmacy.
- Certain preventive adult vaccines, when administered at a pharmacy that participates in the CVS Caremark National Vaccine Network, do not require a copayment.
- A pharmacist is available 24 hours a day, seven days a week to answer questions about your prescriptions.
- You can use a non-network pharmacy or pay out of pocket at a network pharmacy (instead of using your Empire Plan Benefit Card) and submit a claim form for reimbursement. In almost all cases, you will not be reimbursed the total amount you paid for the prescription, and your out-of-pocket expenses may exceed the usual copayment amount. To reduce your out-of-pocket expenses, use your Empire Plan Benefit Card whenever possible.

See the Empire Plan Certificate or contact the Plan for more information.
2022 Annual Maximum Out-of-Pocket Limit*

Annual maximum out-of-pocket expenses for covered drugs received from a network pharmacy will be $3,050 for Individual coverage and $6,100 for Family coverage. Once you reach the limit, you will have no additional copayments for prescription drugs.

Specialty Pharmacy

CVS Caremark Specialty Pharmacy is the designated pharmacy for The Empire Plan Specialty Pharmacy Program. The Program provides enhanced services to individuals using specialty drugs (such as those used to treat complex conditions and those that require special handling, special administration or intensive patient monitoring). The complete list of specialty drugs included in the Specialty Pharmacy Program is available on NYSHIP Online. Go to www.cs.ny.gov/employee-benefits and choose your group and plan, if prompted. Select Using Your Benefits and then Specialty Pharmacy Drug List.

The Program provides enrollees with enhanced services that include disease and drug education; compliance, side effect and safety management; expedited, scheduled delivery of medications at no additional charge; refill reminder calls; and all necessary supplies (such as needles and syringes) applicable to the medication.

Under the Specialty Pharmacy Program, you are covered for an initial 30-day fill of most specialty medications at a retail pharmacy, but all subsequent fills must be obtained through the designated specialty pharmacy. When CVS Caremark dispenses a specialty medication, the applicable mail service copayment is charged. To get started with CVS Caremark Specialty Pharmacy, request refills or speak to a specialty-trained pharmacist or nurse, call The Empire Plan toll free at 1-877-7-NYSHIP (1-877-769-7447) and select the applicable program.

Medicare-primary enrollees and dependents:

If you are Medicare primary or will be in 2022, ask your HBA for a copy of 2022 Choices for Retirees for information about your coverage under Empire Plan Medicare Rx, a Medicare Part D prescription drug program.

Contact The Empire Plan

For additional information or questions on any of the benefits described here, call The Empire Plan toll free at 1-877-7-NYSHIP (1-877-769-7447) and select the applicable program.

Teletypewriter (TTY) Numbers

These numbers are available to callers who use a TTY device because of a disability and are all toll free.
