### Preferred Sources

Corcraft, NYS Preferred Source Program for New Yorkers Who are Blind, NYS Industries for the Disabled

Preferred Sources must be considered first. State agencies are required to purchase from the list of approved preferred source offerings if it meets the agency’s form, function and utility or the price meets the following thresholds: Corcraft commodities must be priced at or below fair market price. NYSPPS and NYSID commodities and services must be as close to, but no greater than 15% above, prevailing market price (what others would charge under similar circumstances). <https://ogs.ny.gov/procurement/list-preferred-source-offerings>

When an approved preferred source offering is available and not used, the agency must document how it did not meet its form, function, or utility or the price exceeds the threshold. See the Preferred Sources Guidelines:

## About this Purchasing Requirements Guide

The information in this guide is intended to provide general purchasing criteria only. Please note that some requirements may vary. Specific requirements should be discussed with the BSC on a case-by-case basis. All employees involved in the vendor selection process should be familiar with the agency's Minority/ Woman Owned Enterprise (M/WBE) and Service-Disabled Veteran-Owned Business (SDVOB) usage goals. M/WBE and SDVOB vendors are to be solicited for quotes, whenever possible. SDVOB and M/WBE goals are not mutually exclusive. Equipment maintenance requirements should be placed on the Equipment Maintenance Insurance Policy (REMI Program) whenever practical. Agencies should never sign a vendor's form contract without consulting with their Legal Department.
